

CALL FOR PAPERS

Symposium on
***Dynamics and Control of Time-Varying
Systems and Structures***

*7th ASME International Conference on
Multibody Systems, Nonlinear Dynamics and Control*

to be held in conjunction with the
ASME 2009 International Design Engineering Technical Conferences
at the
San Diego Convention Center, San Diego, California
August 30 – September 2, 2009

The Technical Program Committee is sponsoring a symposium on *Dynamics and Control of Multibody Systems, Nonlinear Dynamics and Control* in San Diego, CA.

Papers are solicited in all areas related to theoretical, computational, symbolic, and experimental aspects of dynamics, vibration and control of linear and nonlinear mechanical systems and structures involving time-dependence and/or time delay. Modeling, novel analysis techniques, response, stability and bifurcation analysis, optimization, and development of control algorithms are some of the topics of interest. Application papers dealing with structural elements, micromechanical systems, manufacturing and machining, and computer controlled mechanical systems are invited. Contributions with experimental investigations are especially welcomed.

Papers must be submitted electronically in a pdf format as described in the IDETC 2009 web site at <http://www.asmeconferences.org/IDETC09/> before **February 6, 2009**. All manuscripts will be reviewed and, if accepted, the associated technical paper will be published in the conference proceedings on CD-ROM. For more information about the conference, please contact:

Prof. Subhash C. Sinha
Department of Mechanical Engineering
Auburn University, AL 36849
Tel: (334) 844-3325
Fax: (334)844-3307
Email: ssinha@eng.auburn.edu

Prof. Eric A. Butcher
Dept. of Mechanical Engineering
New Mexico State University
P.O. Box 30001 Dept. 3450
Las Cruces, NM 88003 USA
Tel: (575) 646-6179
Fax: (575) 646-6111
Email: eab@nmsu.edu

Prof. Brian Mann
Department of Mechanical Engineering and
Materials Science
238 Hudson Hall
Duke University Durham, NC 27708
Tel: (919)660-5214
Email: Brian.Mann@duke.edu
