

CALL FOR PAPERS

Seventh ASME International Conference on Multibody Systems, Nonlinear Dynamics and Control

ASME 2009 International Design Engineering Technical Conferences
San Diego Convention Center, San Diego, California
August 30 – September 2, 2009

Symposium on Vehicle and Tire Dynamics

Papers are solicited in all areas related to the vehicle and tire dynamics. Topics of interest include, but are not limited to, vehicle modeling and simulation, formulation and/or modeling of pneumatic tires, vehicle controls, vehicle stability, rollover dynamics, suspension and steering designs, ride comfort, hardware-in-the-loop simulation, application of driving simulators, and experimental validation. Both analytical and experimental investigations are welcome.

Full papers must be submitted electronically in a pdf format as described in the IDETC 2009 web site at <http://www.asmeconferences.org/IDETC09/> before **February 6, 2009**. All manuscripts will be reviewed and, if accepted, the associated technical paper will be published in the conference proceedings on CD-ROM. There will be a student paper competition, so student papers are particularly welcome. For further information about this symposium, contact one of the organizers listed below:

Prof. Parviz Nikravesh
Department of Aerospace and
Mechanical Engineering
The University of Arizona
P.O. Box 210119
Tucson AZ 85721-00119, USA
Phone: (520) 621-4966
E-mail: pen@email.arizona.edu

Prof. Hiroyuki Sugiyama
Department of Mechanical Engineering
Tokyo University of Science
1-14-6 Kudankita, Chiyoda-Ku,
Tokyo 102-0073, Japan
Phone: (81) 3-5228-8365
E-mail: hsugiy1@rs.kagu.tus.ac.jp
