A four-day '*Quantitative Finance*' workshop is being launched by three premier institutes as one of their collaborative activities this year. The workshop, built on the expertise of highly distinguished faculty members from the three collaborating institutions, is an excellent opportunity for a superior learning experience. The workshop is designed to guide the participants along the difficult terrain of Quantitative Finance, using exciting class lectures, innovative and up to date course materials, and hands on tutorials.

Who can attend the workshop

This workshop is specifically meant for dynamic professionals from industry, academically oriented post graduate and doctoral students, business faculty members who have an aptitude and interest in Financial Economics, Statistics, Financial Engineering and Management and Financial Mathematics. People in academia and industry or anyone keen to gain knowledge about quantitative finance and its application are strongly encouraged to apply for this exclusive and unique workshop.

How to Apply

Please look for the Registration Form on IGIDR website:
