1 Grade Cutoffs

This is missing in the course policy document. I use the standard grade cutoffs:

- A score of at least 93 will guarantee an A.
- A score of at least 90 will guarantee an A−.
- A score of at least 80 will guarantee a B−.
- A score of at least 70 will guarantee a C−.
- A score of at least 60 will guarantee a D−.

This cutoffs will probably be lowered, but they will not be raised. For example: it is possible that, when computing final grades, the cutoff for a B− will be lowered to 78.
